**PART I** We will provide an update on the case from Attorney Gail Evans from the NM Center on Law & Poverty and then NM State Representative Derrick J. Lente - (D) will share his perspectives on the actions taken by the legislature to address the suit. Participants will have an opportunity to submit questions prior to the summit and engage in discussion on the issues presented by Ms. Evans and Rep. Lente.

**PART II** After a brief break, participants will have an opportunity to further discuss the impact of the case on their own schools and community through breakout sessions. What else is needed to not only comply with the ruling, but to transform public education for American Indians in the state?
